DR. UPHAMS

Vegetable Internal Remedy

FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Soreness, Ulceration of the Stomach, Bowels, Kidneys and Bladder, Inflammatory and Mercurial Rheumatism, Immuring Blood, Weakness and Dyspepsia, Retention of the Spine and for the relief of Married Ladies

THE VEGETABLE PILE ELECTUARY,

discovered by Dr. A. Upham a distinguished Physician of New York city, is the only safe, successful remedy ever offered to the American public for this distressing complaint, the Piles.

Mark this, it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external and probably the only thing that will. This is no mistake. It is also a permanent remedy, no pain, and improves the general health in a remarkable manner.

Each box contains twelve doses, at $1 3 cts per dose, it is very mild in its operation and may be taken in case of the most acute pain, without danger—all external applications are in the highest degree objectionable, unpleasant and often severe, and from the very nature of the disease, temporary in their effect, while this Electuary attacks the disease at its source, and, BEING INTERNAL CAUSE, renders the cure CERTAIN and PERMANENT.

INFLAMMATORY DISEASES.

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ, as inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the BEST Medicine ever discovered.

IMPURITIES OF THE BLOOD.

For all impurities of the Blood, arising from the imprudent use of Mercury, or other causes, for all diseases of the Skin, all Scrotulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and dullness, DR. UPHAM'S ELECTUARY is entirely unrivalled.

TO MARRIED LADIES

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine—weakness of the back, flow of the head, &c.—The Electuary is perfectly safe to Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION but will ensure an easy time, a safe delivery, and a sound constitution in the offspring.

CURE FOR LIFE GUARANTIED.

The Electuary contains NO MERCURIAL Medicine no Aloes, Colocynth, Gamboge, or any powerful and irritating purgative. No fear of taking cold while under its influence, no change in diet to be observed. It is taken according to the directions, A CURE FOR LIFE IS GUARANTIED.

Pamphlets giving valuable information respecting this Medicine, may be had of Agents, gratis.

GREAT SUCCESS OF DR. UPHAMS

PILE ELECTUARY.

Portland, Me., March 14, 1847.

Dr. Upham—My dear Sir—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary. I have been a perfect martyr to the bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs. My sufferings became affected, and in fact I was a misery to myself. I was obliged to give up my business. I had tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford, spent much money—and twice submitted to painful operations. I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly, still I persevered, and purchased a second, and I assure you when I got half through, I found myself getting well, still I kept on, and now I am a well man. My dear Sir, language cannot express the heartfelt thanks that I am once more restored to health, and now in a condition to support my large family, dependent on me.

You can use this letter as you please.

Yours respectfully, SAMUEL CHARLTON.

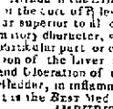
Important to Owners of Horses!

Dillow's Celebrated

HEAVE CURE.!!



Which has been used with such astonishing effect in France and England for the last twenty years is now and has been for the last two years performing the most wonderful cures ever on record in this Country. More than

2,0 0 cases of Heaves

2, 0 cases of Chronic Coughs and Colds,

1000 cases of Catarrh and Nasal Gleet,

1,00 cases of Affection of Bronchial Tubes and Glands,

500 cases of Thick and Broken Wind, and

800 cases of Inflammation of the Lungs

Has been tested by this extraordinary remedy, since its introduction in the United States. The following is one of the hundreds of certificates in our possession, proving its unrivaled efficacy.

NEW SCOTLAND, Albany Co., N. Y.,

February 17th, 1848

Messrs. FORD & GRANT Gentlemen—I herewith transmit to you my certificate for the benefit of those who may have horses similarly afflicted.

I hereby certify, that one of my best horses in the winter of 184 7 became afflicted with the heaves in the most aggravated form—which I allowed to run between three and four months, without doing anything for him. Having heard of the unparalleled popularity of Dillow's Heave Cure I procured three papers of it, gave it to him, and it entirely removed the disease. It was not long after the time that I commenced the use of changing the hair, which usually takes place during the most severe seasons in the year, at which time the horse is exposed and I guessed the pores of the skin close up and the circulation of the fluids cease. Such is that condition. Disease in some form, is not unfrequent. This at the time that I consider your *Incalculable Powder* indispensible, as it opens the pores and fluids of the skin and causes the old hair to fall out in due time, make way for the new and imparts to it a fine and glossy appearance.

THOMAS JONES, Farmer.

No. 10 Ash street.

CAUTION—The astonishing success of Dillow's Heave Cure for the last two years, in the United States, has induced several persons to imitate and counterfeit it, and they even go so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article. We declare that "*Dillow's Heave Cure*" is the first article of the kind ever introduced in the United States, and we hereby offer the sum of *One Thousand Dollars* to any person, or persons who will prove to the contrary. Consequently all others must be imitations.

UNIVERSAL CONDITION MEDICINE.

Read the testimony of an eminent Boston Farrier

BOSTON, January 9th 1848

Messrs. Ford & Grant Gentlemen—At the request of your Agents here I send you my opinion of your celebrated Dillow's Heave Cure. As an *Universal Condition Medicine* as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes, pulmonary and sub maxillary glands and the lungs and also from its genuine and alterative properties I recommend it to be the best medicine extant, for Colds, Coughs, Fever Pleurisy, Jaundice, Blood Disorganization of the Kidneys and Mange. It so expels from the body vegetable corrupted and impure matter, by acting on the animal system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system. I would call the attention of the horse owning public, to the fact that nine-tenths of the above diseases are contracted throughout or just during the Moulting Season of time of changing the hair, which usually takes place during the most severe and cold seasons in the year, at which time the horse is exposed and I guessed the pores of the skin close up and the circulation of the fluids cease. Such is that condition. Disease in some form, is not unfrequent. This at the time that I consider your *Incalculable Powder* indispensible, as it opens the pores and fluids of the skin and causes the old hair to fall out in due time, make way for the new and imparts to it a fine and glossy appearance.

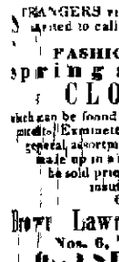
M'Alister's ALL-HEALING Ointment,



FOR THE CURE OF

Colds, coughs, consumptions for scrofula, scurvy and all cutaneous eruptions for bruises, burns, ulcers, as well as all kinds and general or local debility.

This celebrated Ointment has a most striking effect upon the blood in cleansing it from all impurities, upon the nerves and fluid which lubricates the parts and thus removes stiffness, soreness & pain from the lymphatic ganglia or glands, promoting the free and healthy secretion of the lymphatic fluid, and thus removes swelling of the glands about the neck, the groins, the axilla or under the arm about the ear, and all other parts of the body.

This All Healing Ointment is equally efficacious in promoting the secretions of the kidneys relieving from retention of urine, and by restoring the tone and function of the urinary organs, thus preventing incontinence of urine. It is equally efficacious in acting upon the nervous system by curing scrofula and Nervous disease palsy paralysis, numbness or want of feeling or power of motion from nervous or general affection of the nervous tissues. It acts with great power on all the fluids and solids of the body, and attacks disease in whatever part located whether on the surface or internal organs.

We speak the things which we know of the unfailing efficacy of this justly celebrated invaluable and worthily named "ALL HEALING OINTMENT." The innumerable pains that have been assuaged, the ten thousand sufferers relieved and cured, and the more than ten thousand heartsore which have been comforted and cheered by its unbidden efficacy testifying to the truth of all, are more than all, herein asserted.

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these others of vegetable origin are combined, designed to render them more active and consequently more immediately effective.

The Dock, or rather species of it now ranks as a medicinal plant second to no one of the vegetable kingdom. With the aid of a distinguished chemist whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances in the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he concerned the idea of uniting them which has resulted in the production of the compound. In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is usually than has generally been supposed. The extract must be delicate and least liable to decomposition in procure by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time without heat or any other accelerating agent. None is permitted to be used in the compound that has not been obtained by this process and that has been less than a year in preparation.

The Compound is recommended for Scrofula, Erysipelas, Ulcerous affections Eruptions and Mercurial diseases. Also for the numerous maladies arising from sedentary employments incompatible of a harassing and fatiguing nature into the application exposures to extremes of heat and cold, overtaxing the physical powers and other abuses of the constitution among which are Neuralgia, Pile, Affections of the Liver Bilious Complaints and Dyspepsia or Indigestion.

In diseases of warm climates with which the proprietor become familiar in his practice in Havana some years since the compound will prove part valuably efficacious both as a remedy and preventative.

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice and it is believed to be in favor with his medical brethren in general to whom it is known.

Important Letter.

MESSRS. CURTIS & SMITH

Gent Sirs—I hereunto enclose you a few lines relative to your Downs Elixir, which for the benefit of the suffering, if you think worthy you are at liberty to make public. About a year and a half ago my mother became sick so that in a short time we began greatly to fear for her life. Her symptoms were, bad cough, pain in the side and stomach, night sweats and other premonitory signs of pulmonary consumption. We consulted the best physicians who gave her little or no relief and finally pronounced her case incurable consumption. She continued to become weaker, and the symptoms more confirmed.

About this time at the suggestion of a friend, we concluded to try Downs' Elixir, having procured a bottle from your agent (S. R. Ryan of Eastport) she commenced taking it. At first it seemed only to mitigate the severity of the symptoms, but in a short time her health began evidently to improve. It cured her cough, relieved her night sweats, and greatly improved the tone of the whole system. After having continued its use most of the time for nearly a year she calls herself cured. She is now able to go about the house and superintend affairs as usual. Under God we feel sure that to Downs Elixir alone she owes the preservation of her life and the restoration of former strength and energy. We have also used it in our family in all other cases for which it is recommended in the pamphlets, with universal success. Yours truly,

(Signed) SWAN P. NORDSTROM

The above is only one of a thousand similar letters which we are constantly receiving from all parts of the country almost daily.

DOWNS' ELIXIR is unquestionably the best article known for the cure of *COUGHS, COLDS and CONSUMPTION*. It is more certain to give relief in all cases of *ASTHMA*—often a perfect cure—than any thing hitherto offered to the public.

In cases of *WHOOPING COUGH* it needs only to be tried to give it preference over all other remedies. It immediately breaks up the cough and renders a cure anything what it otherwise a scourge and terror. For the *CROUP* it is a positive cure. We speak with confidence, for it has never failed and we believe never will, when used according to directions.

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DARKEST DISEASES ready to strike the sufferer. And the reason for this is that it makes the BLOOD pure, rich Healthy Quick Free Nutritious. SUCCESS at those ALARMING cases of DYSPEPSIA and JAUNDICE Where the Liver is swollen—Skin foul Strength wasting, Appetite gone. Take quick or Severest Skin yellow Nerves deranged Bowels Health Strength and Vigor, every disordered function of the System—causing them to move in pure Nature requires. And for its WONDERFUL Power over Diseases of the Skin and part which no other Medicine possesses the public justly style it the

Master Remedy of the Age!

The great secret of all the triumphs of Sarsaparilla over all other Sarsaparillas is that it does not purify the patient so purging his suffering. But it first attacks the disease and strengthens the system, then brings the flesh and new health and a perfectly pure Blood so that the cure will be thorough and permanent. Others only scatter sick in the disease but this EXTIRPATES it wholly from the system—this saves the patient while others endanger it. The whole Body is made so new by the use of this GREAT MEDICINE, the System so vigorous—Skin like Lily—Nerves as quiet—Sleep so fair—Spirits so buoyant that Medical Colleges, Professors, and Physicians always prefer it for the sake of its genuine purity. Try it only who are seeking the PRICELESS BLESSINGS OF HEALTH.

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the HEALING ART has been tasked to the utmost to have it exactly suited to your SALE COMPLAINTS. These Complaints have never been cured for as they ought, hence it is that all the medicines which are so divine the hope of cure so mistakenly and cruelly fail. But this Sarsaparilla has the SPECIAL ability, in cure every Disease Affection or Complaint peculiar to the female Irregularities that set everything to rights the irregularities of the system—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures pulpitations of the Heart—removes Blotches, Pimples, Freckles

Address to the Whigs of Ohio.

The Ohio State Central Committee of Columbus have issued an address to the Whigs of Ohio, earnestly recommending the nominations of the National Convention to their support, now they failed to secure the nomination of Henry Clay and General Scott—the favorite candidates. It has long been a cardinal principle with the Whigs of Ohio to oppose the extension of slavery over territory now free, and the address of the Committee thus refers to Gen. Taylor's position on this subject:

"It would doubtless have been more consonant to the feelings of the Whigs of Ohio, had a candidate been selected whose residence and associations would have naturally inclined him to agree with us in his opinions. His residence and associations, however, have not blinded General Taylor to the evils of this institution, or caused him to deprecate its extension. On the subject of slavery extension, the views of General Taylor are freely expressed in his approval of the sentiments contained in the following extract of an editorial article, published in the Cincinnati Signal of April, 1847, and sent by the editor to Gen Taylor:

"The only path of safety for those who now hereafter fill the Executive chair is to keep in the discharge of its duties in strict accord with the Legislative will of the people and their Representative Halls. The American people are about to assume the responsibility of framing the institutions of the Territories. We have no fears for the issue. If the arena of the free debate, and the assembler of the people and their Representative Halls. The extension over the continent beyond the Rio Grande of the Ordinance of 1787, is an object so high and permanent, so to be baffled or Presidential vetoes."

To the article from which the above extract is made, Gen Taylor responded in a letter of date May 18, 1847, acknowledging his "flattering opinion and decided approval of these views and sentiments."

Here, it will be noticed that Gen Taylor decidedly approves of acting in the will and acts of Congress, there and others, unrestrained by timely notice, and that no Executive veto should prevent the extension of the Ordinance of 1787 over newly acquired Mexican territory.

The subject, like that of the tariff, the currency, and the like, is entirely within the control of Congress, and if the States shall be formed and their constitutions approved."

The Committee review the present aspect of public and national affairs and show that the Whigs can only succeed in effecting their great work of reform by electing Gen Taylor; "Either General Taylor or General Cass will be elected to preside over the destinies of the great nation. We consider this proposition apparent and incontestable. And in it we invoke the earnest attention of all true patriots. Whether every party shall elect the President, will, beyond all debate or controversy, or a majority of the members of Congress. The Presidential, Congressional, and State elections are all bound together, and will share a common fate. We cannot fail in one and succeed in the others."

The above considerations of moment enough to summon every Whig in the country into the field of action—not in Ohio alone, but in every town and district in the Union.

☞ The Bath Rough and Ready Club intend to accept the invitation of the Bangor and Ready Club of this city, to join with them in celebrating the glorious 4th of July in this city. It is expected that the delegates from Lincoln county will charter a steam boat at Bath to come to this city, to attend the great Taylor Mass Meeting. There is hope room in Bangor for all who may attend.

☞ Owing to the sickness of our Carrier, upon the East side, a portion of our subscribers were omitted in the distribution of the paper yesterday. We shall gladly supply them at the office, and hope to have all things in order again in a day or two.

☞ There is to be a Union celebration of the Free Masons, Odd Fellows, and Sons of Temperance at Ellsworth, on the 4th of July. Asa Walker, Esq., of this city, is to deliver the oration on the occasion.

☞ All smokers of tobacco should read and heed the law passed by the legislature, which we publish to-day. Those interested in buildings who wish to avail themselves of the law must post up the required notice.

☞ The Augusta Age, in imitation of the Washington Union, is out in full blast against Gen Taylor and charges him with "truckling," for the office of President and with having the "black flag of Federalism." It refers to him as the "great duck up" and declares that the sole of Antichrist is destined to go down on the plains of Waterloo.

The Age does not like the idea that the people of this country have already elected Gen Taylor President in their hearts, and that they only wait until the seventh of November to do so according to the forms of law. The Age seems blind to the fact that the iron rule of its party is broken, and that above all things, now, the great mass of the people desire a calm, quiet, honest administration of public affairs, and such an administration they deem to secure by placing Gen Taylor in the Presidential chair. Party authority and party drill cannot now apply with effective force the screws of the leaders upon the great masses of the free-thinking and right-meaning people. A wide spread disaffection is observable in the Locco party, all over the free States, and this arises from a deep sense of the corruptions which have crept into the high places of power under a close and long party scramble.

It is matter of rejoicing to every freeman who desires, most of all, that our government administrate the most possible to the welfare of the people, that a new era has dawned upon the country, and that with the return of peace with Mexico, shall come a steadfastly disposed, a firm, and temperate, and honest administration of the domestic policy of the government—a restoration to the good old republican track of our political father. Let it, however, be borne in mind that those who profit by a distribution of the spoils will labor with an unbounded energy to defeat the wishes of the people. The fatal blow then must not be made by omitting to meet the work by equally hard, but more agreeable work on the part of those who see the necessity, of, and are determined for a change.

The Governor remarks that the subject of the New York Laureate, are to the point, and worthy consideration.

That General Taylor must be the next President of the United States, and Millard Fillmore the next Vice President, is a settled thing—but it is settled, just as it is settled that corn will grow, if good seed be put in it, and the sun shine and the rain fall upon it. Locofocoism is a weed that will choke any field of corn, and spoil any crop, which the Farmer does not keep ploughing and hoeing—and even General Taylor will not grow as he should unless all good principles are well sowed, by shine about his name, and the wishes and prayers of good men do not fall upon him. "Spontaneous combustion" is an exception to a law. *Work* is the law, and whatever is not worked for cannot be secured.

Up, then, Whigs of the North and West, and be doing from this time until the election is over. Begin *now*. Organize. Organize for thoroughly, in every town, and throughout every county in your State. Circulate the documents. Encourage one another in the performance of the good work. Give point to the argument—Attend to the votes. Address your Democratic friends in the words of truth and kindness. And, finally, let all of you resolve in doing your duty—*each and every one*, to the extent of his ability—in the contest. Every individual who does well, through the assistance of the divine aid to him or her, have the deep gratification of having done and saying. That the day was one of that Good Work, of the People, since in the year 1840, redeemed the country to the supremacy of their principles, by placing at the head of the Executive Department of the Government the pure, the honest, the kind and sagacious patriot, ZACHARY TAYLOR.

☞ The Grand Marshal of the Rough and Ready Club has drilled the boys into a new evolution in which they form a perfect

The Pittsburg Gazette states that the receipts at the collector's office at Freeport, from the 20th May till the 6th of June, for canal tolls, amount to $61,624,072! At this rate, the debt of Pennsylvania will not only be extinguished before the end of the year, but there will be a surplus left in the treasury of at least twenty millions.

☞ The Annual State Conference of the Congregational Churches of Maine, will commence a session in this city to-day.

Thieves Abroad!

We learn that some time between Wednesday evening 21st inst, and Saturday 24th, some person stole from the dwelling of George W Chamberlain, Esq., of Carmel, a sack coat which cost over $20, the coat was made of a blue silk Tweed, lined with Rob Roy and a fur Scal collar. In one of the pockets there was a two foot rule which was in double folds, a red silk pocket handkerchief, and a bundle of Bank Applications of the Rockingham Insurance Co at Exeter N H. About the same time other houses in the village were entered and clothing taken. A clothes-pin taken from James Robinson's, a sack coat and 1 pair pants taken from the house of O M. Bartlett, the coat was made of blue Broadcloth, a blank Velvet collar, and faced with silk—Several other houses were entered and other articles taken.

A suitable reward will be paid for the recovery of the goods or clothes.

Signs of Harm!

It will be seen that petitions have been reported in the House of Representatives of this State, by Mr Sewall of Old Town, to repeal the law of last session which provided that the electors of President and Vice President shall be chosen by plurality, and to pass another requiring a majority to elect electors. This is a virtual admission that Gen Cass cannot get the vote of Maine from the people, and that the only way to secure him the electoral vote is to take it out of the Liberty or other fractional parties, preventing a choice, and thus throwing the election of electors into the hands of the present Legislature. To such outrageous frauds on popular suffrage do the friends of Gen Cass already resort in their desperation and ruin. And this is the way they expect to hold their grasp on the spoils. They cannot trust the people. They cannot abide by the law they passed themselves at the last session, but propose to bag all the abolition votes at once to Gen Cass, and throw the electoral vote upon a Legislature elected with no view to any such choice, but chosen some six weeks after the passage of the pretended law of the last session. But we forbear further remarks, till we see whether the present Legislature will assume to take the choice of electors into its own hands.

An Act to Protect certain Buildings from Fire.

Be it enacted &c.

Sect. 1. No person shall enter any Mill, Factory, Machine shop, Ship yard, covered Bridge, stable or other building having within a lighted pipe or cigar, or shall light or use any pipe or cigar therein, under a penalty of $10 dollars for each offence.

Provided the owner or tenants of such Mill, Factory, Machine shop, Ship yard, covered Bridge, stable or other Building, shall cause a notice, in plain and legible characters to be affixed and kept up in a conspicuous place over or near every principal entrance into such Mill, Factory, Machine Shop, Ship yard, covered Bridge, stable or other building that no smoking is allowed in the same.

Sect. 2. If any person shall refuse, neglect or disobey such notice without permission of the tenant or owner of said Mill, Factory, Machine shop, Ship yard, covered Bridge, stable or other building, he shall be liable to a fine of ten dollars for each offence.

Sect. 3. Prosecution for an offence against this act shall be commenced by complaint before any Justice of the Peace or municipal court, in the county where the same is committed.

Approved by the Governor, 21st June, 1848.

Twenty-eighth Legislature.

Tuesday, June 20

In the Senate—

Petitions presented and referred.

Of Phillander Soule and al for a new County—of Wm. Bean and al, for same—of J B Holt and al for same.

Of Robert Martin and al, for an organization of the Militia of the State.

Resolves relating to the extension of slavery in newly acquired territory, came up and Thursday next assigned.

Passed to be engrossed—resolves, providing for the repair of the Military Road—for repair of State Road across Lisbon Township to Washington County—in favor of Eunice Kellogg—in favor of Joseph Pomeroy—in favor of J P Mosher. Bill to diminish and in part to establish a Board of Education.

A communication was received from the Governor, informing the senate that Wm Emery has resigned the office of Major General, in the 1st, 2d, 7th, and 8th divisions of the Militia of this State.

James Thomas, Stephen F Hersey and Wm B Fessenden, and Wm R Smith, were chosen.

In the House—

Petitions, &c. referred—Amasa Dingley and al—Joseph Shaller and al—Jeremiah C Wheeler and al—Wm M Cox, Jr. and al—Joseph Taylor and al—Wm Cunningham and al—Jacob Jennings and al—Wellter A Burleigh and al—J P Stevens and al—Seth Grege and al—S B Chase and al—Enos Farber and al—Joseph Wellman and al, and for new County—Legislative Argument, and of petitions of Wm Thompson—Hiram Hill, 2d, and of John W E Harvey and Hiram Lovejoy for change of names. Bill to incorporate the town of Albany, was on the passage of which Mr Bradbury moved to lay on the table and call for the yeas and nays. Mr Wells moved to amend by striking out the word Albany, was on the passage of which Mr Young called for the yeas and nays, to set off from West Poland Village Fire Corporation—Mr S Smith and al, for repeal of fish law—Richard Copeland and al—John R Hewett and al, for new counties—petition of Daniel H Lowell and al, for new County.

Mr Sewall of Oldtown, called up the resolve introduced by himself some time since, which creates debate.

Resolved, That Congress has no power under the constitution to interfere with the exercise of the domestic institutions of the several States, and that such States are the sole and exclusive judges of anything appertaining to their own affairs not prohibited by the constitution; that all efforts of the abolitionists, or others, made for the purpose of inducing Congress to interfere with questions of slavery, or to take incipient steps in relation thereto, are calculated to lead to the most alarming and dangerous consequences; and all such efforts have an irresistible tendency to diminish the happiness of the people, and endanger the existence and perpetuity of our Union, and ought not to be countenanced by any friend of our political institutions.

The first part of the resolution was then adopted—yeas 116, nays 3. The second part was then passed—yeas 110 nays 28

Wednesday, June 21

In the Senate—

Mr Townsend, from committee on Education, reported resolve in favor of E S Smith Academy at Alfred, resolve in favor of Limington Academy, which were read twice and ordered to be engrossed. (These resolves give to each academy a sum equal to the income of the money appropriated to it by the last legislature.)

Passed to be engrossed—Bill relating to partition of real estate—to authorize the Governor to build a bridge across Machias river.

On motion of Mr Twitchell, the Senate resolved itself into a committee of the whole on the bill relating to certain bank officers and agents. Mr Trapp proposed to amend by striking out the whole bill and inserting a substitute which only provides that the officers of banks shall be liable to indictment for embezzlement of the funds of the bank. Mr Trapp made a few remarks in favor of his amendment, and the question on the engrossment of the bill was adopted, and the bill passed to be engrossed as amended.

Passed finally—resolves, in favor of Peter Hardy, and in relation to the distribution of the school fund—and to amend the charter of the Kennebec and Portland Railroad Company.

In the House—

Passed to be engrossed—Bill to incorporate the city of the Judge of Probate of the County of York.

Petitions, &c. referred—Winslow F Pierce and al, for incorporation to build a dam on the Spillway or branch of the Penobscot river.

Passed finally—Bill establishing the salary of the Judge of Probate for the county of York.

Friday, June 23

In the Senate—

The committee on claims were discharged from the further consideration of the Petitions of Wesley B Wight, for remuneration for loss of timber taken for the use of the State, and the same was referred to the committee on State lands.

Mr Drew from the committee on the judiciary, reported leave to withdraw on petition of Roberts Cutts, and al, that the town of Eden, may be authorized to take stock in the Mount Desert Bridge Company, accepted.

Leave to withdraw, on petition of Ira Woodbury, for a grant of land on certain streams—of Geo W Gribbin and al, for a grant of land on certain streams—of Geo W Gribbin and al, for a grant of land on certain streams—of Geo W Gribbin and al

Kirkbride's Tattersall's HEAVE POWDERS!

A SAFE, SPEEDY AND PERMANENT CURE for *Human Broken Wind, Chronic Cough, Colds*, and all diseases of the throat Lungs and Liver of the Horse Also offers to the

Soundness of the Animal's Wind.

This remedy which has become one of most remarkable successful English and now offered to Horse owners in the United States is just the specific for those obstinate wind affections to which the Horse is liable from inflammation of powerful vascular tissue engaged in the process of breathing

Persons unable to procure it can receive it by mail with directions for use by remitting $1 00 to the Proprietor at the same time, in writing to be particular to state the disease in the horse, as we would not be guilty of imposing upon the public by selling a worthless article

Sold by all druggists throughout the country and by general storekeepers in town

Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels

—FOR—

SAW MILLS

Invented by T. R. Timbey of Cass N. Y.

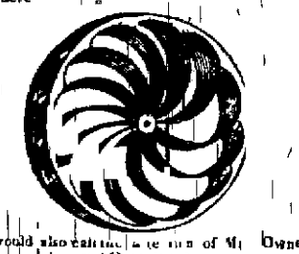
THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in Competition with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them with the same confidence and certainty as the most perfect and durable Wheel in use

As other advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the aperture larger and allows the "cut stuff" to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere



We would also call the attention of Mill Owners and Operators to

Valentine's Patent Reversing Centrifugal Water Wheel,

—FOR—

UPRIGHT SAWS,

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made in different sizes so as to give any amount of power required as from the reputation these Wheels have acquired by the success attending operation of several hundred of them already sold and in use we feel confident in recommending them as combining more advantages than any other Wheel, for particular Shafting now in use

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by ELIHAM HEAD, Esq Civil Engineer—Lowell Mass who is well known as one of the most scientific and experienced practical Engineers in this country

"This wheel is formed with curved floats the number depending upon the size and vent of the Wheel each float extending so far around the Wheel that when the water arrives at the jet its pressure is so far expended that it flows very nearly direct from the Wheel The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water stands at its full head, the column being sustained by the stationary plate under neath the Wheel, so that it has no downward pressure upon the Wheel which stands perfectly free in the column of water and by the arrangement all the friction of the step and bearing of the Wheel is avoided, and also much of the power saved, which in the ordinary mode of operation is wholly lost

"This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it providing the head in each case is the same, and will run as much faster as the back water rises, the jets rightly gauged for a high head will not answer for a low one, and vice versa for as the head increases, the width of the jets should be proportionally decreased so that the whole amount issued may not waste and not give its best effect to the Wheel

"In point of power, the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and at less the advantage of working with good effect in situations where the Breast Wheel would be worthless or less habitable and requires easily accessible when they are needed costs much less to the outlay as much or more able and takes very much less room in a mill—stop—simplicity of structure durability of parts convenience of application and excellence of power are the grand points of recommendation for this Wheel

Vegetable Internal Remedy FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles Inflammation of the Liver and Bowels, Soreness and Ulceration of the Stomach Bowels, Kidneys and Bladder, Inflammatory and Rheumatic Impurity of Blood Weakness of the Spine and for the relief of Married Ladies

THE VEGETABLE PILE ELECTUARY invented by Dr A. Upham a distinguished Physician of New York city, is the only really safe and effectual remedy for the above dangerous and distressing complaints ever offered to the American public

Mark the name INTERNAL REMEDY—no external application, and will cure the worst case of either bleeding or blind, internal or external Piles probably the only thing that will. There is no mistake about it It is a positive cure—speedy and certain. It is also a convenient medicine to take, and does not sicken the general health in a perceptible manner

Each box contains twelve doses, and is put up in a very small compass for the pocket It is very mild in its operation, and will cure the worst cases of the most acute inflammation with perfect safety All external applications are in the highest degree disagreeable inconvenient and offensive and from the very nature of the disease, temporary relief only. This Medicine attacks the disease at once REMOVING THE CAUSE, renders the cure PAIN and PERMANENT

INFLAMMATORY DISEASES

Although the ELECTUARY was originally prepared for the cure of Piles yet it has proved far superior to all others, in all discases of a inflammatory character, with a determinate particular seat or organ In inflammation of the Liver and Bowels, Inflammation and Ulceration of the Stomach, Bowels, Kidneys, Bladder, or Inflammatory and mercurial Rheumatism the Electuary is the best Medicine ever discovered

IMPURITIES OF THE BLOOD

For all impurities of the Blood, arising from the use of Mercury or other causes, Eruptions of the Skin, and Scrofulous Affections, where the blood is powerfully debilitated, preceding dizziness and distress in the head the ELECTUARY is entirely unrivalled

TO MARRIED LADIES

Married Ladies are almost invariably subject to a painful and dangerous disease, the Whites, the consequence of inflammation of the Stomach Bowels, and weakness of the back, the effects of which are very distressing

The Electuary is perfectly safe, and the most unskilful Gathartic may use it, as it will not only remove the above disagreeable complaints, but will restore the female to perfect health without PAIN or RESTRICTION, but will ensure an easy labor and a sound constitution to the offspring

CURE FOR LIFE GUARANTIED

The Electuary contains NO MINERAL Medicine, no Aloes Colocynth Gamboge, or other powerful drastic purgatives. No one of taking more than one ounce, no change in diet necessary It is a vegetable remedy and in the directions, ALL REFORMATION IS GUARANTIED

Pamphlet giving valuable information respecting the Medicine may be had of Agents gratis

GREAT SUCCESS OF DR UPHAM'S

PILE ELECTUARY.

Portland, Me, March 1, 1848

DR UPHAM—My dear Sir—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Electuary I have been a perfect martyr to bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton. I had a terrible, and general derangement of the digestive organs so became affected, and in fact I was a burden to myself I was obliged to give up my business as the only vegetable compound which could relieve me, and after trying all kinds of medicine, have at last found it in your Electuary which I had become perfectly tired of trying, but after persevering and purchasing a second box, I am now happy to say that I am entirely cured, and now feel as well as ever I was in my life, and can recommend it to all sufferers as the only sure remedy

Yours truly, SAMUEL CHANDLER
